Celebrating Together at The Vue

Thinking about cooking Christmas lunch this year? **Don't. We've got it covered!**

Round up the family, bring your appetite, and let our chefs take care of the rest. This year's feast is made for sharing, with fresh Australian seafood, festive roasts, summer favourites, and a little taste of the Top End, all landing right in the middle of the table.

No cooking, no washing up, no fighting over who forgot the gravy, just great food, cold drinks, and plenty of Christmas cheer.

And of course, there'll be a Christmas cracker waiting at every seat, because it wouldn't be Christmas without a terrible joke and a paper crown!

Come hungry. Leave festive.
